Applications after this date will be reviewed on a rolling basis until May 15, 2017.

Our Math Teachers' Circles aim to create a network among math teachers and mathematicians that can serve as an invaluable resource of ideas, activities, and support with fellow professionals. Join us in Durango, Colorado this summer for an exciting week of problem-solving sessions in a collaborative environment. Explore mathematical problems geared toward teachers, discuss classroom connections, and develop a community for learning and sharing math.

There is a \$80 registration fee due online within two weeks of acceptance. All other workshop costs will be covered. Graduate or continuing education credits will be available, with costs covered pending receipt of sufficient grant funds.

Hosted by the Southwest Colorado Math Teachers' Circle
